Abstracts of **up to 5 pages** (A4) abstract has to be prepared using Word 97/2003/2007, page margins 2x2x2 cm. Text should be typed in this template in Ukrainian or English using a “Times New Roman” font at a size of 14 points with single-spaced lines. The abstract has to disclose adequately the research work content. Mathematics should be prepared using Word’s built-in “Equation Editor”. Figures should be inserted within the specified margins of the text. The quality of the figures should be high enough to enable their reduction by factor of two. The figure colouring should correspond to the black-and-white printing requirements. The size of characters in the figures should be commensurate with the main text font size. In the case of more than one author of the research work, surname of speaker should be underlined as it is done for example above (R.J. Brown).

The abstract should be submitted no later than **April 5, 2021** by e-mail to [iep2021.ugh@gmail.com](mailto:iep2021.ugh@gmail.com) as an attached file. The filename should correspond to the speaker's name (for example, Brown.doc).

In case of need to make a citation, leave a blank line after the abstract text before you start giving references. Citation in the text should be enclosed in square brackets.
